Program „LIFE IS A HIGHWAY“

vocaldente take you on a journey: a great vocal experience of 100 years of popular music, authentic and pure. Whereas other a-capella groups rely on technical implements and effects, vocaldente remain true to their pure and acoustic presentation of vocal art.

Awarded with several of the most renowned international prizes they tour the world and don't shy away from any challenges. Be it tropical climate in New Delhi or freezing temperatures in the Sokolniki Park in Moscow: vocaldente provide an exciting insight into their turbulent life on the plane, the train or on the tourbus with their current program '*life is a highway*'.

Their repertoire bursts all limits in variety: it covers genres from Charleston, Rock'n Roll, Disco music to New Metal, Rap or Bollywood songs.
